VOL. XXXI., NO. 173

MILLION DOLLAR IMPROVEMENTS ASKED OF CITY

Commission to Act Wednesday on City Manager's Proposal of Bond Issues for City Improvements

More than a million dollars worth of public improvements will be made in Phoenix by the city government during the next year if bond issues proposed by City Manager V. A. Thompson are given endorsement by the city commission and voters.

Sale of \$1,040,000 worth of bonds is proposed by the city manager. Final action on the proposal will be taken by the city commission at its meeting Wednesday morning.

If members of the city commission endorse the plan, the matter then must be submitted to a vote for the approval of tax payers. Date for a special election will probably be fixed by the city commission at its meeting Wednesday, in the event that it approves the proposal.

Of the total amount, it is proposed to spend \$450,000 in construction of extensions and improvements to the water distributing system. A majority of the amount will be needed in making extensions to new additions recently added to the city and to provide domestic service and fire protection to these new citizens.

Rapid growth of the business and residential sections has also necessitated enlarged mains in many sections of the city, and installation of more fire hydrants.

Extensions to the sewer system, almost entirely to new additions, will cost \$140,000.

Park Improvements Planned

Extension of the park and playground system will represent an expenditure of \$120,000. If present plans are carried to a conclusion, city fathers are especially anxious to see the approval of this proposed bond issue, inasmuch as it means so much to the younger generation, they point out.

Approximately \$65,000 will be expended in a few fire stations, apparatus and equipment, according to the proposal. It is proposed to construct our new station in the city and equip it with motor apparatus throughout.

Forty-five thousand dollars is sought in pave property owned by the city. The only way this work can be done, it is stated, is through a bond issue.

A tentative plan for an addition to the city hall, with improvements to the present structure, calls for the expenditure of \$150,000. This matter is now under consideration, however, but has not been definitely decided upon.

Forty thousand dollars also will be asked for the construction of a state armory building in this city.

FIRST TO WORK FOR ELECTRIC POWER IN CASA GRANDE VALLEY

LEMUEL P. MATHEWS of Casa Grande, Republican candidate for the state senate from Pinal county, was in Phoenix yesterday. Mr. Mathews was the first person to start the movement for

LEMUEL P. MATHEWS

electric power in the Florence-Casa Grande valley, and since then never has ceased in his efforts to bring about that great improvement. He has lived in that valley for the past four years

and always has been foremost in all movements for the benefit of that district.

Mr. Mathews believes that partisan legislation should not mark the efforts of the next legislature, as there is too much real work to be done and too much of a need for genuine service and co-operation to waste the opportunity in fruitless bickering. He stands for good roads and is in accord with Governor Campbell in his demand on the United States government for more money for Arizona roads. Five-sevenths of the state belongs to the government, Mr. Mathews states, and adds that it should pay its pro rata cost of building roads in the state.

His experience, he says, in seeing the state lands depleted makes him stand for the election of the land commissioner by the people and that he be held responsible to the people. The Florence-Casa Grande valley is now doing everything in its power to get electricity through a bond issue, said Mr. Mathews, and needs the proper man in the legislature to assist them in this great undertaking.

FIND UNIQUE JAIL WEAPONS

CINCINNATI, O.—Evidence of a county jail delivery plot was uncovered here when deputy sheriffs discovered a blackjack made of bits of concrete wrapped in bedding in Winfred Schoup's cell; a milk bottle filled with wet paper in the cell of J. W. Knipper, charged with robbery, and a mineral water bottle also filled with paper pulp in another cell. The weapons are said to be unique in jail break annals.

TOO MANY PAST HILL-CLIMBING AGE

SAN FRANCISCO—Because trustees of the City and County Federation of Women's Clubs have decided that of the 1000 members, "200 are women past the hill-climbing age," the plan to purchase a clubhouse at the top of a steep hill has been abandoned.

Two thousand ex-service men who, although living, are officially listed as killed, are forming a "Dead Men's club."

NEW UNION DEPOT ON HARRISON AT 3RD AND 5TH AVE.

According To Semi-Official Information the Station Will Be Directly West Of Old Arizona Eastern Depot

The proposed Phoenix union depot, soon to be constructed by the Arizona Eastern and Santa Fe railroads, will be located on Harrison street, between Third and Fifth avenues, according to rumor current in semi-official circles yesterday. Main entrance to the depot will be on Fourth avenue, according to tentative plans drawn by the archi-

ects. These plans have since been approved by the Arizona corporation commission.

The depot will extend approximately half a block to the east and west of Fourth avenue, in all being about a block long. Provision is made for elaborate parking spaces at each end of the depot proper. Lawns and shrubbery will offset the structure.

Construction of the depot will entail the closing of Fourth, Fifth and Sixth avenues, it is expected. One of these streets is already closed, however, and another degenerates into an alley at Jackson street, so little harm will be done traffic in closing these thoroughfares. It is expected that a petition will be presented to the city commission, in the near future, asking that these streets be closed before actual construction work is started on the depot.

MOTHER'S PIES WRECKED DREAM

LOUISVILLE, Ky.—The thought of mother's pies and warm beds wrecked the dream journey of Robert Keithley, 13; Joseph Ogletree, 14, and Norman Dowell, 15, of New Albany, Ind. The first day after they left home in a skiff to see the world, they thought of mother and home, and were glad to have word sent back that they were homesick.

The first gas mantles were made of platinum.

A Hoosier Ten Dollar Club

Twenty-five Hoosiers at Ten Dollars Down, Ten Dollars a Week
Monday Morning and Throughout the Week Until 25 Hoosiers are Sold

For the Good of all Womankind

TWO MILLION American women have accepted the Hoosier as the Kitchen Cabinet of proved improvements. We can safely assert that every suggestion that was ever made for the betterment of a Kitchen Cabinet has been tried out on the Hoosier. The best have been incorporated in it—the rest rejected.

Hoosier's big, uncluttered worktable and many special features of

construction and arrangement lessen your labor in the kitchen.

They save you time and steps—banish reaching and stooping—give you more time and strength to enjoy your rest and recreation.

Now is the time to get your Hoosier. There can be nothing gained by waiting. Terms will never be easier—for Ten dollars puts the Hoosier in your Home.

USUAL DISCOUNT—IF YOU PREFER TO PAY CASH

ONLY TWENTY-FIVE HOOSIERS

AT THESE TERMS

DON'T FAIL TO LEARN—THE HOOSIER ADVANTAGES BY ALL MEANS—SEE IT DEMONSTRATED—DURING THE WEEK—EARLY IN THE WEEK IF YOU THINK YOU MAY BUY.

Time For Heating Stoves

BY ALL MEANS BE COMFORTABLE

Cold, cheerless rooms cannot house a cheerful family. The cost of being comfortable is often less in the long run than the cost of being uncomfortable. Better to spend a little money for Stoves and Fuel than give it to the doctor later on.

The stock of heaters in our WHITE BASEMENT offers a good selection. We specialize on BUCK'S HEATERS also RANGES. We know from many years of actual experience that BUCK'S are satisfactory. We've never had a dissatisfied purchaser.

All sorts of heaters, \$3.50 to \$76.50, less 10% cash.

PERFECTION OIL HEATERS

BANKERS WILL MEET IN CAPITAL MONDAY

WASHINGTON, Oct. 16.—Bankers from all parts of the country meet here tomorrow for the opening of the 46th annual convention of the American Bankers' association, which will continue through the week. The program calls for consideration of all questions of finance, ranging from problems of the country bankers to international relations.

Cabinet officers as well as bankers of national prominence are to address the meetings, to be held morning, afternoon and night, some simultaneously in three downtown hotels and a theater. The program also calls for a daily round of entertainment, arranged particularly for women visitors.

More than a score of committees of the association meet tomorrow, each to consider the particular problem assigned to it, with a report to be made later to the convention proper, which will hold sessions Tuesday, Wednesday, Thursday and Friday mornings. The committees will consider questions of federal and state legislation, public relations, education, gold, Americanization and thrift, insurance and numerous other subjects.

Vice President Marshall will deliver the address of welcome to the bankers at the opening session of the convention proper on Tuesday. The annual address of President Richard S. Hawes, of the association, will follow. Secretary Meredith of the agriculture department, also will speak on "Banking and Agriculture" and John J. Puley of New York will discuss "Transportation and Its Effect on Credit."

Secretary Houston of the treasury, with an address on "Government Finance," is to be the principal speaker Wednesday. Thursday's convention program calls for addresses by Joseph H. DeLoes, president of the United States chamber of commerce, on "Service Organizations;" Sol Wester of New York, on "Financing and Underwriting Big Business."

On Friday addresses will be made by H. W. Robinson of Los Angeles, on "Commodity Financing;" Oscar Wells of Birmingham, on "Federal Reserve Banks;" and George Woodruff of Joliet, Ill., on "The Country Banker's Problems."

Particular problems of the bankers will be considered at sectional meetings held each afternoon. The daily entertainment program will end on Friday with a golf tournament at the Chevy Chase club.

KEEP BUSY DENYING DROP IN PRICES

TERRE HAUTE—Since the Indiana delegates to the National Retail Clothiers' convention in Chicago have returned home they have been kept busy denying the statement of their publicity committee that clothing prices will be lower this spring. "We would like to see them lower and perhaps they will be a trifle less," said the dealers, who didn't give their names for publication.
